

# FINALISTS IN THE LOUTH BUSINESS AWARDS 2010

## ENVIRONMENTAL EXCELLENCE AWARD

Sponsored by Tesco

### Leinster Environmentals

LEINSTER Environmentals is one of Ireland's leading plastic recycling companies. Examples of the types of plastic we recycle include plastic film, Flower Pots, CDs, DVDs, plastic crates drums and cans.

These are recycled, using our own equipment, into high quality raw materials which are then exported to customers throughout the world who use them instead of new plastic granules during the manufacture of new plastic products.

This results in a cost saving to the customer and savings in carbon emissions

and oil reserves. Leinster Environmentals also handles cardboard and paper packaging, which are recycled into new paper based products.

Leinster Environmentals is a former winner of Louth County Enterprise board Best Exporter Award (2008 & 2009) and Repak Recovery Operator of the Year finalist (2007, 2009 & 2010).

Being a finalist is a fantastic privilege and honour and is a credit to all of the team here at Leinster Environmentals. Contact Leinster Environmentals at 042-9323997.
