"Pearl Beauty Salon in Carlingford, Co Louth

is a wee gem! Marion and the girls have created a relaxation haven in the most stunning of settings in the heart of Carlingford village. The attention to every little detail is superb. The staff are all incredibly welcoming, and all the pampering starts with the tea menu you get when you arrive in the door - your drink is usually accompanied by homemade biccies! Their Yonka facials are brilliant, the shellac manis and pedis last for weeks and weeks, and even the less relaxing elements of a trip to the beauticians is made as comfy as possible with the cosy heated treatment beds. With the massage and reflexology therapies on offer, and the lovely relaxation space, it really is a one stop salon for a real pampering and relaxing treat!"
